Summary:

《2009 Deep Research Report on Global and China Solar Cell and Module Industry》 was published by QYResearch solar energy research center in Dec 2009. It was a deep research report on global and china solar cell and solar module industry. In this report, the following information was include:

2005~2013 Global and China Solar Cell/Module Productions Supply, Sales, Demand, Market, Status and Forecast

Detail information of Global 28 Solar Cell/Module Vendors and China Local 31 Vendors

Company Basic Information (products, income, customers, materials& equipment, capacity Expansion plans , shareholders , operation & Management Team etc 13 Items)

Company financial information (solar cell and solar modules production, Capacity, revenue, cost, Gross margin, Average selling price, average cost of sales etc)

Company Upstream , midstream, downstream information (Main contracts, partners, project and related information, main products , production base and related information etc)

Project development strategy was also introduced according supply and demand relationship, Manufacture Technology and Equipment

Also analyse global and China solar cell and module development trend according Global PV industry development trend and related countries policies

At last, QYResearch listed deep research conclusions according solar cell and module yesterday, today and tomorrow and also analyse new solar cell and module project feasibility via a special case.

...

In a word, it was a deep research report on global and china solar cell and module industry chain. And thanks to the global and China solar cell and module marketing or technology experts support during QYResearch solar cell and module research team survey and interviews.

Table of Contents

Chapter One Introduction 1

1.1 Purpose and Scope 1

1.2 Methodology 1

Chapter Two Solar Cell and Module Executive Summary 4

2.1 Definition of Solar Cell 4

2.2 Classification and Application 10

2.3 Industry Chain Structure 13

2.4 Difference in Single-Crystal Silicon, Multi-Crystal Silicon and a-Si thin film solar cell 14

2.5 Advocate solar power 16

Chapter Three Manufacture Technology and Equipment of Solar Cell 23

3.1 Manufacture Technology of Solar Cell in Lab overview 23

3.1.1 About Light absorption 23

3.1.2 About metallization technology 24

3.1.3 About PN-junction- forming technology 24

3.1.4 About surface and bulk passivation techniques 25

3.2 Manufacture Technology of Solar Cell in industrial overview 25

3.2.1 Characteristics of Industrial Production 25

3.2.2 Screen printing and related techniques 25

3.3 Manufacture Technology of Solar Cell overview 27

3.4 Equipment and staffing of production line overview 35

3.5 Global equipment industry analysis 40

3.5.1 Situation and Analysis of International Solar Cell Equipment 40

3.5.2 Situation and Analysis of Homemade solar cell equipment 41

3.5.3 Global Solar cell equipment supplier 48

Chapter Four Solar Cell/Module Productions Supply, Sales, Demand, Market, Status and Forecast 55

4.1 Global PV Market Supply and Demand Overview 55

4.2 Global 13 major PV market area Status and Forecast 63

4.3 Global 27 Vendors Solar Cell/Module production and Capacity Overview 73

4.4 China Local 31 Vendors Solar Cell/Module production and Capacity Overview 75

4.5 About Solar cell 79

4.6 About Materials of Solar cell 83

4.7 Top three Vendors: First Solar, Q-cells and Suntech Strategic Analysis 85

4.8 Related policies of Solar cell Industry 91

Chapter Five Cell/Module Global Key Vendors(27units) 92

5.1 First Solar (USA) 92

5.2 Q-CELLS (Germany) 110

5.3 Sharp solar (Japan)	133
5.4 Suntech (China)	147
5.5 Yingli solar (China)	147
5.6 Kyocera solar (Japan)	147
5.7 JA Solar (China)	157
5.8 Motech (Taiwan)	157
5.9 Sunpower (USA)	173
5.10 SANYO Solar (Japan)	188
5.11 Trina Solar (China)	199
5.12 Canadian Solar (China)	199
5.13 Solarfun (China)	199
5.14 Gintech (Taiwan)	199
5.15 REC Solar (Norway)	212
5.16 Neo Solar (Taiwan)	223
5.17 SolarWorld AG (Germany)	229
5.18 Isofoton (Spain)	242
5.19 Bosch Solar (Germany)	247
5.20 E-Ton Solar (Taiwan)	254
5.21 Nbsolar (China)	263
5.22 SCHOTT Solar (Germany)	263
5.23 Mitsubishi solar	273
5.24 China Sunergy (China)	281
5.25 BP Solar (English)	281
5.26 United Solar Ovonic (USA)	284
5.27 JETION SOLAR (China)	291
5.28 Changzhou Eging (China)	291
Chapter Six Cell/Module China Local Key Vendors (31units)	291
6.1 Wuxi Suntech	291
6.2 Yingli SOLAR	311
6.3 Hebei JA Solar	324
6.4 Trina Solar	334
6.5 Canadian Solar	347
6.6 Solarfun	356
6.7 Ningbo Solar	365
6.8 China Sunergy	368
6.9 Jetion Solar	377
6.10 Changzhou Eging	380
6.11 Zhejiang Sunowe.	386
6.12 Jiangsu Eoplly	392
6.13 Shanghai Topsola	407
6.14 Jiangsu Sf-pv	409
6.15 Sshengzhen Topraysolar	413
6.16 Jiangsu tianbao-pv	428

6.17 Yunnan Tianda Photovoltaic	432
6.18 Wxsunpower	438
6.19 Chinalight Solar	444
6.20 Hopesolar	447
6.21 Ningbo UL Solar	451
6.22 Shanghai super-solar	456
6.23 Tianjin Jinneng Solar	459
6.24 Shanghai SSEC	462
6.25 Sopray Solar	467
6.26 Astronergy	469
6.27 Sun Valley	471
6.28 Perfectenergy	472
6.29 Dongguan CSG PVTech	474
6.30 Ningbo BEST Solar	478
6.31 LYSunergy	480
Chapter Seven Investment Project Business Plan and feasibility analysis	484
Chapter Eight Research Conclusions	488
Tables and Figures:	
Figure Solar Cell Industry Chain Structure	1
